

EXIT Connection

Variable connectivity at the highest level

EXIT 45 plus

EXIT 90 plus

Example: Depending on the configuration, the electrified EXIT 90 plus cable outlet has up to three sockets and two USB charging slots.

You can also use two of our keystones to personalize the connectivity.

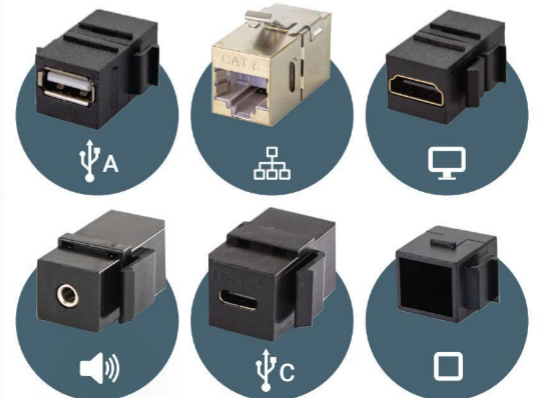

EXIT Side

ALUPOWER plus

With our
KEYSTONES
you select your connections

Choose your combination

EXIT Tip

All products of our EXIT series are also available in many other configurations.

KEYSTONE SYSTEM

With KEYSTONES for selected products and the appropriate cable, you can make networks, computers, audio, projectors and much more quickly and easily accessible on your desk.
